Completion Rates for 2021-2022 Graduates

Students enroll in the Graduate Counseling Program starting in the fall semesters. If a student enrolls in one concentration, the program takes five semesters to complete when enrolled full-time. If a student enrolls in two concentrations, the program takes approximately seven to eight semesters to complete when enrolled full-time. In Fall 2020, we had 29 students start the program. Five students are still enrolled in the program as part-time students.

Concentration	Number Starting Fall 2020	Number that Graduated in 2 years	Completion Rate
